Grading Rubric for Final Exam Paper, CIS 315

A Papers will contain:
1. Flawless grammar, spelling
2. A clear line of reasoning, justifying your business case for your system
3. A clear development of the mid term systems analysis, given your advanced business analysis (the system at mid term should be much better, in terms of UI, class diagram, BMM and BPMN)
4. Executive Summary should show greater simplicity, clarity and justification. Some elements of the mid term may remain, so long as sophistication is present.

B Papers contain:
All but one element in the A Paper.

C Papers contain:
All but two elements in the A Paper.

D Papers contain:
All but three elements in the A Paper.

E Papers contain:
All but four elements in the A Paper.
